IMPACT SAN DIEGO PROGRAM OVERVIEW

Technology Seminar | Tuesday, January 12, 2010 | Qualcomm

Security and Energy & Smart Grid Committees (Wash DC) and UC San Diego Extension Networking and Cyber Security Committee. Andersen helped to develop ESET's "Securing Our eCity" initiative, a regional Cyber Security awareness and education program.

Andersen is currently the Chairman of the San Diego Police Foundation, a member of the San Diego Regional Chamber of Commerce's Public Policy and High Tech Committees and TechAmerica's Executive and Membership Committees and Honorary Co-Chair for the Girls Scouts "Urban Campout". Andersen received Masters degrees from the University of Southern California - Marshall School of Business, an MBA in Finance and Operations Management and Masters of Science in Information Technology and Operations Management. He received a Bachelor of Arts from Claremont McKenna College in Government and Literature.

Kevin Carroll, Regional Director, TechAmerica | www.techamerica.org
6540 Lusk Blvd, San Diego CA 92121 | p. 858.452.9288 | kevin.carroll@techamerica.org

Kevin Carroll is the Regional Director for Southern California for TechAmerica, where he manages the San Diego; Orange County; and Los Angeles Councils. For the past five years Carroll has been the face of TechAmerica in the growing high tech community of San Diego, California. Prior to serving as Executive Director in San Diego, Carroll managed then-AeA's Potomac Council. In both positions, Carroll attributed his success to the strength of the association. Says Carroll, "The strength of TechAmerica is in its ability to have local activities while still retaining a national face." He was recently named 'Tech Supporter of the Year' in San Diego.

William A. Maheu, Senior Director, Qualcomm Government Technologies | www.qualcomm.com
5775 Morehouse Dr, San Diego CA 92121 | p. 858.452.9288 | kevin.carroll@techamerica.org

Bill Maheu graduated from the University of San Diego in 1982 with a Bachelor of Arts degree in Psychology. He was a member of the San Diego Police Department for 28 years. During his tenure with the department, Maheu had many assignments including Commanding Officer of Field Operations/Special Resources, Executive Lieutenant of the Special Weapons and Tactics Team, Special Projects/Long Range Planning Lieutenant and Narcotics Sergeant. He also directed several major projects including the 2003 Super Bowl, the 1996 Republican National Convention, the 1996 Presidential Debate, the development of the Psychiatric Emergency Response Team and the development of the Homeless Outreach Team. Maheu rose to the rank of Executive Assistant Chief of Police during which time his responsibilities included the department's day-to-day operations, its 400 million dollar budget, the Professional Standards Section, Intelligence Section, Interoperable Communications and Information Technologies. Maheu retired from the department in January 2008 to join Qualcomm's Government Technologies team. In his new position Maheu is on the senior management team and is responsible for Strategic Development.

Dan Squiller, Chief Executive Officer, Qualcomm Government Technologies | www.powergenix.com
6540 Lusk Blvd, San Diego CA 92121 | p. 858.651.6552 | wmaheu@qualcomm.com

Dan Squiller joined PowerGenix as Chief Executive Officer in 2003. Prior to that, he was President of Invensys Power Components, a division of Invensys plc. and a global manufacturer of Powerware UPSs, Teccor power semiconductors, and Lambda power supplies. Squiller's experience with early stage companies includes a post as General Manager of Indyme Electronics, a provider of telecommunications equipment, and Vice President of Business Development and Sales for St. Bernard Software, a provider of enterprise network protection software. Earlier in his career, Squiller spent 10 years at the San Diego division of Scientific Atlanta, which specializes in high-speed spectrum analysis instrumentation for commercial and government business sectors. There, he held positions in engineering, marketing, sales and operations. Squiller holds a B.S. in Electrical Engineering and an M.A. in Organizational Communication from Ohio University.
